

### **Attention EMS Providers!**

The General Service Administration's 2017 Federal Ambulance Specifications are currently open for comment. We encourage you to take this opportunity to review these proposed changes and provide your valuable input.

In addition, attached you will find draft language for the proposed Change Order 9, as it relates to installed oxygen cylinder, cardiac monitor, and fire extinguisher mounting devices.

## **2017 Draft Federal Vehicle Standards**

### **Comment Period – Light Duty Vehicles**

#### **COMMENT PERIOD OPEN 4/4/2016 - 5/18/2016**

The Federal Vehicle Standards comment collection period for **Light-Duty Vehicles ONLY** including sedans, police use vehicles, light trucks including cab chassis and vocational trucks, wheelchair vans, and ambulances will be open April 4, 2016 through May 18, 2016.

**NOTE!** A comment period for buses will be available at a later time. Please do not submit comments for these vehicles at this time. Comments submitted for vehicles other than light-duty vehicles will not be considered.

The comment collection periods supports the required coordination activities for vehicle standards and specifications development. Interested parties can view federal vehicle standard items and documentation and submit their comments online.

The Federal Vehicle Standards website can be found at the following link (please update your bookmarks):

<https://vehiclestd.fas.gsa.gov>

The site will also continue to house previous model year data and documentation.

**To submit comments to the DRAFT 2017 standards, go to:**

<https://vehiclestd.fas.gsa.gov>

**Once the standards website is open:**

- Log in with existing account or create a new account with a valid email address before submitting comments. Existing accounts from the legacy website have been transferred to the new Federal Vehicle Standards site.
- Select the year “2017”.
- Click on the tabs to select the Standard Item or Documentation you wish to comment on and add comments.
