Life-Assist Grants Program for Alliant Members

Who we are — Life-Assist is a national EMS-first distributor supporting municipal, county, private, and hospital-based EMS and Fire/Rescue agencies with dedicated grant assistance for capital equipment with turnkey quote-to-order management, and technical product support.

What the program does — We help Alliant members identify funding, build grant-ready packages, and move capital projects from idea → funded → delivery. Our team handles eligibility checks, timelines, access to the Grantfinder database, budgetary quotes, and post-award coordination (including ordering, delivery, and facilitating training).

Member benefits:

- Dedicated specialist support to assist with identifying funding opportunities matched to your agency profile and timeline
- Industry-competitive discounted pricing on key capital equipment categories
- Clinical product support to assist with patient care questions.
- Post-award logistics: purchase coordination, delivery, and in-service scheduling
