Helping Other Heroes

Life-Assist is proud to support:

First Responders Children's Foundation

First Responders Children's Foundation provides support to children who have lost a parent in the line of duty as well as families enduring significant financial hardship due to tragic circumstances. They also support and facilitate educational activities and programs created and operated by first responder organizations whose purpose is to benefit children or the community at large.

Project Pink + METAvivor

Life-Assist started Project Pink in response to the profound loss of one of our own. Customer Care Manager, Debbie Lang lost her battle with metastatic breast cancer in 2020 after 20+ years with Life-Assist. Debbie's charity of choice, METAvivor, is an organization dedicated to research, support, and raising awareness for those with metastatic breast cancer. We honor her by donating a portion of all Project Pink proceeds to this organization each year.
